

AMNA SAHI

Mississauga, ON | [647-540-3642](tel:647-540-3642) | [Email](#) | [LinkedIn](#) | [Portfolio](#)

HIGHLIGHTS OF QUALIFICATIONS

- Front-end developer with experience building and shipping **React** applications
- Strong UI/UX background, bridging design, programming, and user-centred problem solving
- Experience with designers, engineers, and startup teams in fast-paced environments

EDUCATION

University of Waterloo — Bachelor of Arts (Fine Arts), Digital Arts Specialization

Minors: Computing, Psychology

Sep 2023 – Apr 2028 (Expected)

Relevant Coursework: Digital Imaging, Computer Programming, Media Interaction

EXPERIENCE

Web / Software Developer — PinkByte, Concord, ON

Sep 2025 – Dec 2025

- Programmed full-stack **React** web applications from scratch to replace internal tools, supporting **100+ server** records and daily operational use.
- Restructured weak **API** calls and component renders, reducing page load times by **35%**
- Designed server management features, cutting manual setup time by **2–3 hours** per deployment.

Front-End Web Developer — MYE Health, San Francisco, CA

May 2025 – Present

- Coded responsive **React** applications to visualize brain-health metrics from eye-tracking data for clinical research use
- Implemented secure **AWS-backed** data fetching channels to display live concussion severity scores, reducing data latency by **40%**

Graphic Design / Production Coordinator — MonstrARTity, Mississauga, ON

June 2022 – August 2023

- Designed **40+** marketing assets using **Adobe Photoshop, InDesign, Illustrator** (digital ads, brochures, social media graphics) used across campaigns reaching millions of social media users and event attendees

Robotics Instructor — Young Engineers, Mississauga, ON

June 2025 – August 2025

- Adapted lesson plans to varying skill levels, increasing student task completion rates by **40%** over the program duration
- Guided students through debugging and iteration, strengthening problem-solving skills and confidence in technical concepts
